LinkedIn: linkedin.com/in/rheilly-aguilar-5254a1193
Github: github.com/RheillyAguilar

## CAREER OBJECTIVE

As a dedicated Computer Science Student, I am seeking an opportunity to apply my skills and knowledge through an OJT program. My goal is to contribute to the success of a dynamic organization by collaborating on real-world projects, while enhancing my technical abilities in areas such as web development and database management.

## PERSONAL PROJECTS

### Recweb – Filipino Recipe Website

Link: https://rheillyaguilar.github.io/Recweb/
Front – End Developer
May 25, 2023 – May 31, 2023

- Develop and maintain the frontend of Recweb using HTML, CSS, and JavaScript.
- Design a responsive layout to ensure optimal viewing experience across different devices (desktop, tablet, mobile).
- Use CSS styling to create an aesthetically pleasing interface with attention to detail in terms of typography, color schemes, and layout.

### Mobi – Movie and TV Show Trending Website

Link: https://mobi-gules.vercel.app/
Front – End Developer
August 28, 2023- September 14, 2023

- Develop and maintain the Mobi website using React.js, ensuring a responsive and efficient user interface.
- Implement features that display trending or popular movies and TV shows in an engaging, visually appealing layout.
- Use Tailwind and CSS styling to create an aesthetically pleasing interface with attention to detail in terms of typography, color schemes, and layout.
- Integrate a video player for movie and TV show trailers, ensuring smooth playback and functionality.
- Create a search functionality that allows users to search for specific titles of movies or TV shows.
